Presented by Diana Neskovska from
AT10 Education, L.L.C.

Description:

The Assistive Technology Certificate Course is a virtual course that prepares participants to assess and support K-12 students with curriculum access needs. This course will provide individual and group coaching for all participants.
This does not cover AAC.

Audience:

AT Specialists, Special Education Teachers, Resource Teachers, Special Day Class Teachers, Occupational Therapists, Speech/Language Pathologists, Behavior Supervisors/Therapists, OI/LI Specialists/Teachers, Program Specialists, School Psychologists, AT Assistants, and Special Education Administrators.

Dates & Times: 8:30am-12:00pm PST via Zoom

First class will be on Wednesday: 1/28/26.

All other classes will be on Thursdays: 2/5, 2/19, 2/26, 3/5, 3/12, & 3/19

Registration & Additional Information

- **Course Fee:** \$2100 (PO's, checks and credit cards accepted)
- **Requirements:** AT Assessors will attend class sessions, demonstrate practice with students to develop experience with AT tools, and write 1-2 defensible assessment reports. University units/Transcripts are available for an additional fee through University of Massachusetts, Global.
- **Questions/Schedule Conflicts?** Contact Diana directly (323) 333-5674 call/text or diana@at10education.com
- **Refund Policy:** No refunds are offered due to the limited number of participants. Participants may be substituted prior to the start of the course.
- **Register by visiting our website:** www.AT10education.com/store

Participant Learning Objectives

Participants will demonstrate skills and knowledge in the following areas: software for curriculum access and executive functioning needs, including word prediction, text-to-speech, internet access, accessibility, and organization; benefits of commercial and free/low-cost tools, use of assessment tools, comparing student needs with and without AT, special education law governing AT curriculum access accommodations and implementation, and utilization and location of resources and groups for support.

About the Instructor:

Diana is an Assistive Technology Specialist who serves multiple school districts in California. She has 22+ years of experience as a Special Education Teacher, Teacher Specialist, and Assistive Technology Specialist. She has developed and implemented technology solutions for students with a range of needs, and has experience with complex IEPs. She speaks on various topics for parents and educators and mentors AT Specialists at all levels. Diana has an Education Specialist Credential and a Master's in Special Education. Diana graduated from California State University, Los Angeles, and UCLA. She is a co-founder of the AT Network, a California-based organization dedicated to professional training and networking for AT Specialists and related fields.
