

SAVE-THE-DATE

Delta Invasive Species Symposium:

Remote Sensing Applications for Management

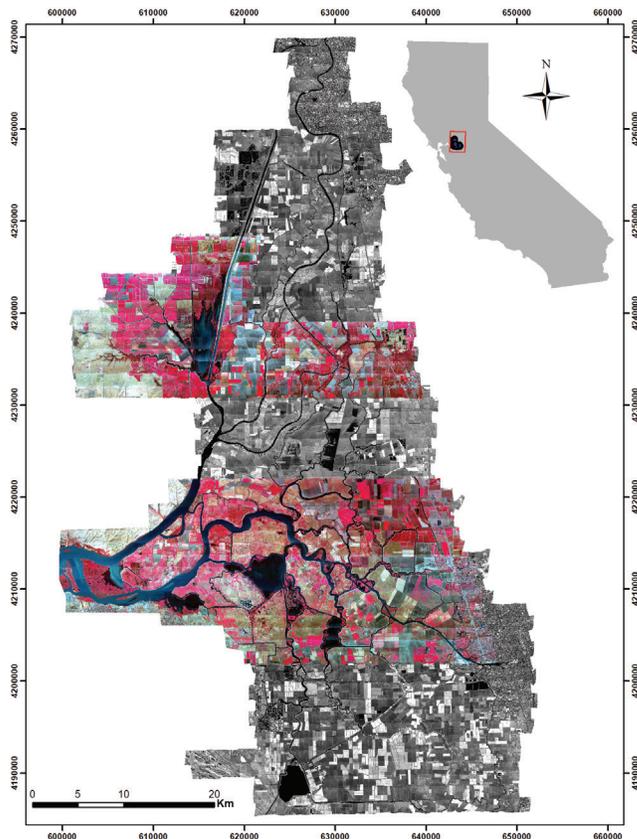

Image Credit: CSTARs UC Davis

This event will be held at the
UC Davis Conference Center
August 29, 2019

Presentations will explore remote sensing tools and applications for invasive species management in the Delta available today and opportunities for the future. The symposium is sponsored by the Delta Interagency Invasive Species Coordination team, Delta Stewardship Council Delta Science Program, UC Agriculture and Natural Resources Cooperative Extension, and UC Davis.

This one-day science symposium on invasive species is co-sponsored by
